How to Order Your DVD

STEP 1 – Organize Your Photos

Collect and organize the photos you wish to include in the slide show, then put them into the sequence you want them displayed. Next, label and number each photo in case they fall out of sequence during shipment. Number the photos starting with “one” (1) and count upwards. We recommend two ways of labeling your photos: (a) write the number on a sticky note and attach it to the back of the photo, or (b) write the number on the back in pence (but take care not to press too hard on the photo to avoid damage). If you plan to include digital photos, it is best to simply change the name of the file to be the number of the photo itself (e.g., “78.jpg”. etc.).

STEP 2 – Fill Out the Order Form

Fill out this form. Please print clearly.

STEP 3 – Send Everything to Us

Send us your photos, music CDs, videotapes(s) and completed order form. Depending on how close you are to Dickson, you can either arrange to drop your order off in person (by appointment only please – contact us for details) or simply ship* your order to the address below. Be sure to provide adequate packing material and protection for your videotape(s) to avoid damage during shipping.

SHIP IT using a **traceable** shipping service to: (Professional Digital Publishing, c/o Scott’s Computers. 204 N Main Street, Suite 4, Dickson, TN 37055). Be sure to include protective packing materials to prevent the contents from shifting around and getting damaged. Also be sure to include a check or money order with your order if paying by this method.

***NOTE:** Professional Digital Publishing will handle your materials with the utmost care and consideration, however we can not be held responsible for any damage that occurs during the transportation of your materials to us. For that reason, we would encourage you to be very diligent in properly packaging your order, and perhaps even creating duplicates then sending us the original. It is also recommended that you ship your package to us using a reliable and trackable shipping service (UPS, FedEx, DHL, USPS, etc.). We will do the same when sending everything back to you.

STEP 4 – Submit payment

We will notify you when your order is completed. You will then be sent an email requesting that you pay for the order (via PayPal – accepts Visa, Mastercard, American Express, Discover, and eCheck) at our payment webpage (<http://www.prodigipub.com/payment.php>). Payment by check is also acceptable; however, since checks require more time to clear you must include the check with your order. Make checks payable to “Professional Digital Publishing”. Rush orders must be paid via PayPal to avoid delay. Please note that Tennessee residents and “pick up orders” will need to also pay 9.75% sales tax.

STEP 5 – Sit Back and Enjoy Your DVD

Once payment is received, we will send your finished DVD and original materials to you. If you are in the Dickson area and prefer to arrange for a pick-up, just let us know. You should allow a minimum turnaround time of 2-3 weeks. If you need the DVD sooner, please contact us to check our availability and make arrangements for a rush order (15% Rush Fee, \$20 Minimum).

Your satisfaction is completely guaranteed. If there is a problem with your order we will make every reasonable effort to solve the issue. (Do not ship us the DVD without first receiving a return authorization.) If we are unable to do so, we will refund your money – minus the cost of shipping and handling incurred. Also see the paragraph below on DVD compatibility.

DVD COMPATIBILITY

Professional Digital Publishing uses the common DVD+R format, which is compatible with approximately 95+% of all existing DVD players, but not all. Please be sure to check your DVD player manual/manufacturer to determine if it supports DVD-R. This website is also a good place to look: <http://www.dvdrhelp.com/dvdplayers>. If needed, we can assist you in determining if your DVD supports it – just ask us. Sorry, refunds will not be given for DVD incompatibility reasons.

PRIVACY PROMISE

Professional Digital Publishing promises that we will never sell, rent, lease, or otherwise disclose your contact information to any third-party organizations. Your contact information will only be used by Professional Digital Publishing, and only for Professional Digital Publishing marketing and communications.

Optional Add-Ons:

Photo Captions: (Use additional paper as needed)

A caption is a small amount of text which overlays the photo. Captions can be a description of an event, a date, or even a witty comment. Captions will make your photo slide show very special, and in concert with the music can add a whole new dimension to the DVD. Captions can also help you remember what your photo was about years from now. You should consider addition photo captions to some or all of your photos where they make sense – although having no captions is perfectly fine as well. (No captions are included with this package; captions are \$0.20 each).

17	Here comes the bride ...

Pan, Scan, Zoom (the Ken Burns Effect):

Have you seen a documentary film where photos seem to move across the screen? You can choose to add those abilities to your DVD slide show – where photos zoom, rotate, and pan. (\$0.25 per photo).

Check if you want ALL photos to have this effect, or list the photos (by number) to pan/scan/zoom.

DVD Chapters: (Use additional paper as needed)

Chapters let you skip to various sections of your DVD in a random access fashion. Each chapter should have a short name that will appear on the menu screen. (No chapters are included with this package; chapters are \$5.00 each)

Title Slides: (Use additional paper as needed)

Title slides let you show a brief description for a part of the slide show. They can be used to denote a new group of photos. Titles are typically a solid color background with text on it. Ask about customizing. (1 title slide is included with this package; \$2.00 each additional).

1	<i>Rehearsal Dinner at Anthony's Restaurant - Nov 12, 1987</i>

Background Music: (Use additional paper as needed)

Background music sets the tone and mood of your slide show. Professional Digital Publishing does not provide the music for you; please be sure to send us the music you wish to use with your order. Music provided on CD or MP3s are both fine. A general rule of thumb is 5-8 seconds per slide, which is roughly 10 photos per minute of song. There is no limit to the number of songs you may include with your DVD.

If you definitely want an entire song to be played that's fine; just let us know. If you do not have enough photos to last the duration of the song, we will fade the song out early unless you tell us otherwise.

Please be aware of and obey copyright laws on the music you select, and understand that you have agreed to be responsible for ensuring copyright compliance with this order. Professional Digital Publishing cannot provide you with the music.

If you would like some suggestions on songs for your DVD slide show, please refer to our website – <http://www.prodigipub.com/musicsuggestions.php>.
